DEATH ON NEVADA RAIL
[BY DIRECT WIRE TO THE TIMES]
RENO (Nev.) Jan. 1.—[E] Dispatch.] Robert Steele, a pioneer Nevada, aged 80, was killed to-day by a young coll, which was harnessed to the training wheel at Steele's

near this city. Both Steele's leg was broken and his skull was fractured. He died a few hours after the accident without regaining consciousness. Steele was known throughout the state and was a man of high character. During the last days of the Comstock rebellion,

brother operated a feed yard in Virginia City, which was stocked with horses from the ranch on which Steels died. He was the first man to dig an irrigation canal. It supplied 900 acres of farm land near Truckee River.

PREPARING TO MOVE ON FRENCH FRONTIER.

Germany Orders Twenty Thousand Freight Cars to Carry Troops and Equipment—Extensive Military Preparation of France Checkmated.

(BY THE ASSOCIATED PRESS—A.M.)

BERLIN, Jan. 3.—The railway administration placed orders last week for 20,000 freight cars, at a cost of \$2,000,000, with manufacturers of five countries, stipulating delivery by the middle of February, besides utilizing the car works of Germany. The cars were distributed among makers in Belgium, Holland, Switzerland and Italy, which would not have been done unless some reason for haste existed.

Inquiries made regarding the reasons for urgency resulted in obtaining the statement that the order was a precautionary measure, the General Staff desiring to be ready to move troops, if necessary, by the last of March. This is only a proper measure of prudence, it was asserted. In view of the extensive military preparations going on in France, which, among other dispositions, include the movement toward the German frontier of six regiments of artillery of 150 guns. Ordering these freight cars, each of which will accommodate forty soldiers, or enable the authorities to transport material, is only owing to French preparations, and must not be taken to indicate any hostile design on the part of Germany, whose peaceful intentions remain unchanged.

The step taken is due to the conviction, long held and acted upon here, that the best preservative of peace is complete preparedness for any emergency. The word war is not used because such a word in itself would be a provocative, and every interest, both in and outside the government, shrinks from such a possibility. It is small group of military men. The government will probably regret the publication of this intelligence, but its transmission seems necessary proper to understand the drift of events and to show that Germany is strengthening its diplomatic position on the eve of the Moroccan conference by important questions.

WASHINGTON, Jan. 3.—Neither the American Ambassador to France nor the like official of Berlin could give the situation which now exists between France and Germany in any report which could be published here without revealing the most important questions.

WORKING FOR CLEANER CITY.

BINGHAM AND JEROME WILL PULL TOGETHER.

They Meet at Luncheon and Pledge Each Other Mutual Support—Mrs. Bingham, Who is a Society Queen, Says Her Husband Will Be the "Colonel" of the Force.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Jan. 3.—(Exclusive Dispatch.) Dist. Atty. Jerome and Police Commissioner Bingham met in a restaurant in the Park Row Building yesterday and the table at which the two men sat became a magnet for every politician and policeman in New York City in a very few minutes. After they had finished their luncheon, Gen. Bingham jumped into his automobile and returned to work at police headquarters. Later when he received the newspaper, he said: "I am glad to announce that I have had the pleasure of meeting Dist. Atty. Jerome at luncheon, and we had a long, satisfactory talk. About the first thing I learned after I took hold here is that this department could not do its best work without the active, hearty and whole-souled cooperation of the District Attorney's Office. We must give to them unreservedly every credit in our power, and they must in turn help us."

Asked how Mr. Jerome impressed him, the Commissioner replied: "I can only say that he impressed me as a strong, forceful, sincere man—a charming man—the kind of a man I like." Jerome would not discuss the luncheon, saying he was glad to offer the cooperation of his department to the Police Commissioner as he had done to every man who had taken office during his administration. Bingham as Police Commissioner one of the most remarkable social leaders in the United States, comes to New York. Mrs. Bingham is a strikingly handsome woman and an accomplished linguist. She was always in the receiving line at the formal receptions at the White House. As Lucille Rutherford she was one of the belles of St. Louis. While visiting the army post at Willets Point she met Lieut. Bingham and a few years later they were married. He spent a few years of his married life in Arizona, then he was ordered to St. Louis. There he met her and they were married.

"The colonel is more in his element than ever before," said Mrs. Bingham yesterday. "He loves to accomplish something. He wants to help to build up the best administration New York has ever seen. I am so glad that he has not any ax to grind, that he has not any debt to pay, that he has only a clean road to a good end and a heart full of sand to do it with. The colonel was always loved by his men. I don't think he ever had an enlisted man under him who would not give his best endeavor to do anything the colonel wanted done. I think he'll just be the colonel of the police force."

FIGHTING IS SEVERE.

(BY THE ASSOCIATED PRESS—A.M.)

CAPE HATTEN (Hayti) Jan. 3.—Advices received here early this morning from Puerto Plata, on the northern coast of Santo Domingo, say that the troops of fugitive President Morales, under command of Gen. Demetrio Rodriguez, attacked Puerto Plata at 10 o'clock a.m. The fighting was severe and lasted until 5 o'clock in the evening, when the besieging force retired. A number of men were killed and wounded on both sides in the engagement, during which bayonets and swords were principally used. The forces of Gen. Rodriguez, which are massed outside Puerto Plata, were when these advices were forwarded, preparing for another attack on the place.

A portion of the population of Puerto Plata has declared in favor of Morales, and street fighting has occurred, the supporters of Morales shooting from the windows of the city. The troops of Gen. Caceres, the temporary president of Santo Domingo, These at the popular center and transported to the frontier posts in an incredibly short time.

It is believed here by officials who have kept close watch on the situation that the Germans have likewise been quietly and possibly more effectively increasing the efficiency of their army.

When the internal resources failed in the matter of producing a sufficient number of military railway cars, the government was forced to turn to the United States for the needed supplies. It was at that time that the government was forced to turn to the United States for the needed supplies.

As to the part the United States is to play in the approaching Moroccan conference, it may be stated on the best authority that Messrs. White and Gunther, the American delegates, will go into the conference absolutely uncommitted to either the French or the German contentions.

The government's view is that America has, by virtue of her ancient interest in Morocco, rights even superior to those of any European State in dealing with the critical questions which will come before the conference. The basis of this statement is that America, single-handed, made war upon the Barbary states, wiped out piracy in the Mediterranean and concluded the first treaty of civilized nations with those states, a treaty which has formed the basis of the demand of other nations for "civilized" treatment at the hands of Morocco.

So, from considerations such as the foregoing, the government stands uncommitted either to the general proposition, which favors the retention of an international police force, or to the French plan of employing Algerian police for this purpose.

NO CAUSE FOR ALARM.
(BY THE ASSOCIATED PRESS—A.M.)
MADRID, Jan. 3.—Premier Moret, in the course of an interview printed today, is quoted as saying: "The recent reports of a belligerent nature concerning the Moroccan situation are unwarranted. No conversations with the Ambassadors of various powers have taken place, and the situation remains unchanged."

After Entering Town, Gen. Rodriguez Retained and Prepared for Another Attack. Street Fighting Occurs and Many Shots from Windows are Fired—Twenty-five Killed.

(BY THE ASSOCIATED PRESS—F.M.)
WASHINGTON, Jan. 3.—The State Department has received a cablegram from Puerto Plata giving an account of the uprising there. It says: "Revolution has broken out here late today (Tuesday). Gen. Rodriguez fought his way into town and then retired; not less than twenty-five killed."

THE BULL'S HORNS

That's the Place to Take Hold.

A man says: "Some time ago, while employed as an inspector by a large wire fence company, I was compelled to give up my position because of ill health brought on by police poisoning. 'From childhood I had used coffee freely, and for many years had no thought that there was possible harm in it. 'But as time went on I gradually became the victim of indigestion, then of heart trouble, then of habitual headaches, and finally was completely knocked out by nervous prostration, which lost me a good and profitable job that I had held for years. 'At first I scarcely knew what to do, as medicines seemed to have no lasting effect, but it was up to me to do something, and I turned my attention to my diet. Having read more or less about the injurious effects of coffee, I concluded that I would experiment to see whether that was the cause of my troubles. 'At first I cut down my coffee allowance half, using Postum for the other half, using Postum for the other half. I found that this helped me some, but did not do what I wanted—it did not relieve me entirely. I still suffered more or less with headache and nervousness. So I just took the bull by the horns and cut the coffee off short. From the day that I began to drink Postum exclusively my health began to improve, and I have continued its use, as I expect to do for the rest of my life. 'The result is that I have not had a headache in years, no man has better digestion, my nerves are like iron, more vigorous and accurate than ever before. 'I shall be glad to testify at any time that Postum Food Coffee did all for me, and keeps me hale and hearty. I can do no less.' Name sent by Postum Co., Battle Creek, Mich. There's a reason. Read the little book, 'The Road to Wellville,' in packages.

M'CALL, SEEING HIS ERRORS, RESIGNS.

(BY THE ASSOCIATED PRESS—P.M.)

ALEXANDER H. ORR.
New president of the Mutual Life.

NEW YORK, Jan. 3.—John A. McCall today resigned the presidency of the Mutual Life Insurance Company of New York. Mr. Orr was appointed in his place, at the salary of \$20,000 a year. McCall's salary was \$100,000.

The board of trustees also cut down the number of vice-presidents so that hereafter there will be but two of those officers, instead of three.

McCall, who has for fourteen years held the office which he resigned today, sent a letter to the trustees in which he stated that his errors seemed greater to him than to his critics, but that he was comforted to think of the company's unprecedented achievements, and to know that no officer or trustee had profited improperly at the policyholders' expense.

It is uncertain whether Mr. Orr will retain the presidency beyond April 1, next, when McCall's term would have expired. The new president is a retired merchant of this city, president of the Rapid Transit Commission, a former president of the Chamber of Commerce and a director in many financial and philanthropic institutions. He was born in Tyrone, Ireland, in 1831.

In accepting the presidency, Mr. Orr said that he hoped John C. McCall and Vice-President Kingsley would remain in the company's employ. John C. McCall is the son of former President McCall and is secretary of the New York Life.

John A. McCall's letter of resignation is, in part, as follows: "In the period of my service as president, I have made mistakes. It is easy to see mistakes after events have fully developed the situation, but when facing great problems, it is not easy to be inerrant. My errors probably seem greater to me today than they seem to others. I have been severely criticized, but notwithstanding that, I am not without comfort. My consolation comes from these considerations:

"First, the unprecedented achievements of the company; second, that no officer or trustee has profited improperly during that time to the extent of

Rojevsky's Moves Charges That England Stood Ready if Japanese Were Unequal to Task—Also Claims That He Was the Real Victor in Battle of Tsushima.

(BY THE ASSOCIATED PRESS—A.M.)

ST. PETERSBURG, Jan. 3.—Mr. Spring-Rice, the British Chargé d'Affaires, without waiting for instructions from his government, demanded an explanation from Foreign Minister Lamsdorff this afternoon of the statements contained in Admiral Rojevsky's letter to the Novoye Vremya.

ST. PETERSBURG, Jan. 3.—The remarkable allegation that the British fleet was held in readiness to destroy the Russian fleet if the battle of the Sea of Japan had gone in the Russian's favor is made by Admiral Rojevsky in a letter published in the Novoye Vremya today, with the permission of the Minister of Marine.

Referring to the absolute secrecy of Admiral Togo in regard to the disposition of his forces, Rojevsky declares that "this was unknown, even to the admiral of the British fleet allied with the Japanese, who concentrated his forces at Wei-Hai-Wei in expectation of receiving an order to annihilate the Russian fleet if this, the final object of Great Britain, was beyond the power of the Japanese."

From Admiral Rojevsky's account of his tactics in the battle of the Sea of Japan, published in the Novoye Vremya today, the reader is almost convinced that the Russian commander out-manoeuvred Admiral Togo at every point and was himself the real victor. He declares he knew Admiral Togo's exact whereabouts two days before the battle, made his dispositions accordingly and entered the fight with his eyes

DEPEW WON'T RESIGN.

(Continued from First Page.)

Brackett's resolution requesting the resignation of United States Senator Chauncey M. Depew on the ground of disclosure in connection with the Equitable Life Assurance Society, which ended in Senator Brackett's withdrawal of the resolution for the time being.

The debate on this resolution attracted the most attention. Senators Raines, Maltby and Coughlin led the defense of Senator Depew, but joined Senator Brackett in the desire for prompt action on the resolution. They eulogized the junior senator on the score of many great public services, and urged the resolution for the immediate defeat of the resolution. Senator Raines described Senator Depew as a sick man and objected to any delay in the matter, declaring that it was brutal to keep such a threat hanging over his head even for a week.

The minority leader, Grady, said that the Democrats were not prepared to act upon such a proposition on such short notice, and asked for a reasonable time to confer as to their attitude.

Senator Marks held that only a careful study of the actual evidence taken in the insurance investigation, rather than newspaper reports, should be the basis of action in a matter of such great importance.

Senator Brackett declined any personal feeling against Senator Depew and declared that his resolution was in no way consequent upon his former opposition to Mr. Depew's reelection as senator. He insisted that his act was prompted by a sense of public duty. In the end, however, he asked leave to withdraw his resolution. Senator Raines objected to this, but the withdrawal was sustained by a vote of 27 to 19. It was not regarded as a test vote, several senators declaring that they voted for withdrawal only out of courtesy to Senator Brackett, and to the minority members, who asked for time for the consideration of their action.

A report gained currency tonight that Senator Brackett's action in some way represented the wishes of President Roosevelt. Senator Brackett requests the Associated Press to contradict this rumor.

BRACKETT'S RESOLUTION.

The resolution is as follows: "Since the adjournment of this session the people of the State and Nation have been staggered by the relation shown to have existed for years between the Equitable Life Assurance Society and Chauncey M. Depew, one of the senators of the State in the United States Congress.

"Recognizing that these disclosures have caused a loss of confidence in the ability of the senator named to properly represent the people in the body to which he was elected, and

"Resolved, by the Senate, that Chauncey M. Depew be and hereby is requested to resign his seat in the United States Senate."

When the resolution was introduced, Senator Raines said he had not been failed to see in the resolution anything that calls for such action. He expressed his surprise that it had been introduced and moved that the resolution be referred to the Committee on Federal Relations, who appointed Mr. Depew.

Senator Maltby made a speech, in which he said that Senator Depew had done nothing to justify the charges that he had made. He declared that only without sin should cast the first stone. Perhaps there were reasons why every senator should be asked to resign. Yellow dogs, he said, may be troubling at Senator Depew's heels, but he has decorated all positions that he has held.

The resolution should not be dignified by referring to any committee, but should be referred to the Senate.

THE GOVERNOR'S MESSAGE.

There was very much more than the usual interest in the annual message of Gov. Higgins to the Legislature, which included important recommendations as to the mortgage tax law, the savings bank surplus tax and electoral reform.

"The eyes of the whole world are now turned toward New York, and if this Legislature does not produce an insurance law which shall be drastic, but practicable, radical but sane in its provisions, it will fail to meet the expectations of those who have confidence in the ability of the legislature to solve its own problems as they arise."

Future effective action by Congress or Federal government is not probable, and the possibility of such action should not be relied upon, for an instant, the work of the State.

While life insurance has received almost exclusive attention it cannot be assumed that other corporations dealing in indemnity and investment and the like have been blameless and a word of caution may not be amiss regarding associations of such kind.

Insurance companies, cooperative fire insurance companies and the like, better able to free themselves from the influence of under laws which do not protect our citizens, and enable them to provide for the future of their policyholders, should not be left to their own devices.

The policy holder now demands something better from the state than a guarantee of solvency. He has learned that his insurance will be cheaper and safer when the companies are compelled to invest their assets for his benefit exclusively and are prevented from diverting funds to the individual undertakings of speculative directors and to the payment of vast salaries and enormous commissions and gratuities to men of influence and contributions for political campaign purposes.

"You will be called upon to make a radical revision of the law for the benefit of investors in life insurance and for the regulation and restraint of the companies. We will consider at this time the expediency of providing for more thorough regulation by the Department of Insurance. Under the new insurance law of Germany, not only are thorough investigation and publicity actually entered into the business methods of the corporation.

"We can learn much from a careful examination of this law, although some of its provisions may be deemed too paternal for our differing conditions of business and political life or objectionable as leaving too much to the discretion of the insurance department."

"The funds of insurance companies should be securely safeguarded for the

RAILROADS AGAIN FACE CHARGES

WISCONSIN LEGISLATORS SPRING ANOTHER SENSATION.

Statement Why Lennox Should Resign as Republican Nomination for Governor Incidentally Mentions "Courtships," "Entertainments" and Other Suspicious Possibilities.

THE ASSOCIATED PRESS—P.M.]
MILWAUKEE, Jan. 3.—A statement of reasons why Governor Lennox should resign as Republican nomination for governor, signed by forty-three members of the Wisconsin Legislature, was filed tonight from Mr. Lennox's headquarters. It is a sensational document, which charges of corruption by railroad interests, that have so often been used by the La Follette faction of the Republican party in Wisconsin, are given to the public.

The charge is again made that Mr. Lennox had been approached with a view to a railway attorneyship, and that he had accepted of extending "courtships" to legislators and providing for them with "entertainments." It is stated that members could easily have improved their financial position by accepting of such places, and that they were not for the asking, if they were not, "according to the railway policy."

SMALL JOBBERS JOBBED.
Continental Freight Committee Announces Radical Increase in Minimum Carloads.

THE ASSOCIATED PRESS—P.M.]
NEW YORK, Jan. 3.—The Transcontinental Freight Committee yesterday announced a number of radical increases in the minimum loading carloads from Pacific Coast points to the East.

The changes are as follows:

Fruit	10,000
Grain	10,000
Coal	10,000
Other goods	10,000

ten years the dried-fruit minimum has been increased from 10,000 to 10,000 pounds, and the percentage of loss on other Pacific Coast products has been almost as great.

A circular of the Transcontinental Freight Committee is more in the nature of a recommendation than an order, but there is every probability that the railroads will accept of it.

The railroads claim that in the past they have been grossly imposed upon by combinations of small jobbers, who have taken advantage of the low minimum quantities to load to only half or three-quarters of their capacity.

TO BUILD GASOLINE MOTORS.
Man to Erect Immense Plant to Equip Suburban Lines with Little Wonders.

THE ASSOCIATED PRESS—P.M.]
CHICAGO, Jan. 3.—[Exclusive Dispatch.] So enthusiastic is President William H. Harrison of the idea of building a gasoline motor car to be organized a \$2,000,000 company to build a plant for its manufacture.

Mr. Harrison has been recently having been sent recently to the United States, where it is doing an interesting business in the Chicago and Alton railroads.

PIONEER MINERS ARE MURDERED.

TWO BROTHERS SHOT DOWN ON THEIR CLAIM.

One Leaves Cabin in Morning, and, Failing to Return, Other Starts in Search of Him and Finds Body Buried; Then He, Too, is Shot as He Gives the Alarm.

(BY THE ASSOCIATED PRESS.—P.M.)
REDDING, Jan. 3.—Tom and John Price, pioneer miners of Centerville, six miles west of Redding, were murdered today on their mining claims. Tom, aged 40, left his cabin for their claim at 1 o'clock. Failing to return for dinner, his brother John, aged 44, went to the claim. He found his brother shot through the head, his body buried almost to the neck in a grave. John then went to his cabin, a mile from the cabin, told his wife of Tom's murder and sent a man named Hildreth to Redding to notify the officers. John then went to his cabin. As he reached his cabin door a shot rang out and he fell dead on the threshold. A posse of 100 men is now scouring the territory for the murderer.

DUEL WITH HIGHWAYMAN.
Seattle Business Man Has Gun Fight With a Robber—Both are Merely Wounded.

(BY THE ASSOCIATED PRESS.—P.M.)
SEATTLE, Jan. 3.—C. L. Hughes, manager of Dunham, Carrigan & Hayden, hardware merchants, was fatally shot at 11 o'clock last night in a pistol duel with a highwayman, J. Hogue, the robber, commanded Hughes to throw up his hands as he was in front of his boarding house. Hughes drew a revolver and fired. The shot hit the highwayman in the left arm. The thug then fired at Hughes, the bullet going through the abdomen. The robber then ran. As he did so Hughes shot him in the back, the bullet going through the robber's lung. The robber was captured. Both Hughes and the robber will die. Hughes's wife, in a window of her house, saw the fight. Hughes came here from San Francisco three weeks ago, where he worked for the same firm.

BOY TOO SCARED TO TESTIFY.
NORTHERFORD (L. I.) Jan. 3.—Fright has thrown Frank Winkler, a stableboy, into such a drag-like stupor that he could not testify today in the preliminary hearing of Dr. D. W. Simpson, the dentist charged with having wilfully shot and killed Bartley J. Horner, his wealthy father-in-law. The stableboy, who was employed by Mr. Horner, was in the kitchen when his employer was shot by the dentist, and has repeated to the coroner the last words of Horner before he died. It is proposed to delay closing the hearing, if necessary, until the stableboy can be roused sufficiently to become a witness.

CRIME BRIEFS.
Arrested in Hospital for Murder.
DES MOINES (Iowa) Jan. 3.—The coroner's jury has declared Mrs. L. E. Carr responsible for the death of her husband, which occurred in a hotel at Olathe, Sunday. The woman was placed under arrest at the hospital today. Carr was found with a bullet hole through the head and the woman was unconscious from two dangerous wounds.

Van Wyck Wanted for Murder.
HOLYOKE (Colo.) Jan. 3.—Gerhardt J. Van Wyck, brother-in-law of Miss Gertrude Haskett, found dead in the cabin on her claim near Olay, Colo., Sunday night, from the effects of a bullet wound in the head, was arrested here today on a warrant ordered issued by the coroner's jury which investigated the woman's death. The woman was insured for \$5000 in favor of Van Wyck.

But Little Light on Murder Mystery.
GRASS VALLEY, Jan. 3.—At the inquest into the murder of Robert Van Hester, this afternoon, little testimony was elicited to throw light on the identity of the murderer. Many witnesses were examined and the coroner's jury has demanded that two witnesses—William Ikard and Belcher—be brought before it before it will bring in a verdict. Both men have disappeared, and the officers are unable to find them. Other witnesses are also wanted.

Boy Robbers Fatally Beat Victim.
SAN FRANCISCO, Jan. 3.—Arthur Chapman and Thomas Murray, each 17 years old, committed two highway robberies in Market street today. They fractured one man's skull and cruelly beat the other. One of their victims, Charles A. T. Laffin, is likely to die. The other, A. T. Laffin, was not seriously hurt. The young robbers, who seemed very little boys, are in the city prison.

Stole and Used Railway Vouchers.
SAN JOSE, Jan. 3.—A charge of burglary was made today against John Armagnac, the man who yesterday signed a written confession that he is the man wanted for breaking into the railroad stations at San Martin, Edenville and other places and for stealing and using vouchers of the railroad company. Last night, a number of railroad express and sheriff's officers waited all night at Hillside station, but the alleged partner of Armagnac failed to turn up.

WALSH TURNS OVER STOCK.
Railroad and Coal Properties of Bank Wrecker to Help Make Good the Bank Shortages.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Jan. 3.—[Exclusive Dispatch.] John R. Walsh has turned over to the Clearinghouse Committee, which is liquidating the affairs of his bank, the stock in the railroad and coal properties controlled by him. By agreement with the committee, according to information secured from an authoritative source, Walsh will cooperate in the sale of his railroad and coal interests in order to bring the largest returns on the \$15,000,000 bonds which the committee must market at a good price to save anything for Walsh and his stockholders in the Walsh institutions, when liquidation is completed. The aftermath of the Walsh bank's financial difficulties took a new turn today when A. W. Green, president of the National Electric Company, was mentioned as the leader of a number of Walsh's friends who are determined to see he shall not be ruined completely.

To Save Park for Sport.
CHICAGO, Jan. 3.—Steps were taken yesterday to preserve the grounds of the Washington Park Club for racing, golf and other purposes. At a meeting at the Chicago Athletic Club a committee was appointed to save the grounds from the fate of being divided into building lots. The plan, in embryo, is for the 100 members of the Washington Park Club to subscribe \$1,000,000 which it is believed will be sufficient to purchase the property, although the price that has been set on it is \$2,000,000.

LEWIS FOR MAYOR.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
VENTURA, Jan. 3.—Leachman Lewis has again been elected Mayor of the city to serve for one year from next April when, under the new condition of affairs there will again be an election for town officials. Mayor Lewis served the old board as Mayor for two years. He is a strong municipal-ownership man.
The new Town Marshal, Henry Russell, took office this morning. One of his first tasks will be, by order of the Town Trustees, the clearing out of most of the old cypress trees in the plaza, which the new Board of Trustees intends to immediately improve.
Dr. D. W. Dwire has just returned from a four-months' tour of Europe. He put in most of his time abroad in attendance at the German hospitals.

OXNARD.
BEET SEED ARRIVING.

(SPECIAL CORRESPONDENCE OF THE TIMES.)
OXNARD, Jan. 3.—The American Beet Sugar Company here has been receiving large quantities of beet seed the last few days from Germany, and more is coming. The company figures on receiving 3600 bags of seed, approximating 110 pounds to the bag, to use around Oxnard and to be sent to China. This makes over 300,000 pounds of beet seed to be sown about those two communities.
A 110-pound bag of seed will plant on the average, seven acres. About twenty varieties of seed have been received and these will be distributed to that each variety is planted on the soil best adapted for it.
The company has an experimental farm, where it has been demonstrated which seed to plant on the different kinds of soil in this vicinity. Distribution to the farmers has already commenced, and after the first rain work will be rushed on planting. It is expected that from 15,000 to 18,000 acres will be put into beets this year.

THE OIL INDUSTRY. TRANSPORTING RAILROAD FUEL.

Upon Resources Ties up All Other Business.

Shortage Throttles Work; Greatest Handicap.

Anga Pipe Gives Relief; Kern Line Needed.

passing of the entire holdings of Pacific Oil and Transportation into the hands of the Association January 1, although the company before, marking the beginning of still more changes in oil business. Where almost no other than railroad fuel was being used from Kern River, for several years past, it is safe to say that there will be still less of the Kern oil will probably be from the general market. The difference encountered at present in the oil business is the continual shortage of cars as stifled the growing industry by very beginning to an extent he imagines even among the producers. Not only the industry, but the Associated as well, are continually up against this situation and when the Standard Oil Co. was obliged to stop shipping after the railroad company with a sharp spike to get prompt relief. It is probably due to several the chief being, no doubt, the unusually rapid growth of the industry. From nothing the traffic out of the field alone has risen to from 250 cars a day within seven months. The company has been continually up against this situation, but there are certain factors that enter into the hauling of oil. A car is for that purpose and for that it is filled at Kern, makes up to San Francisco, Oakland, Los Angeles, or to Arizona, and it must empty, a dead weight that is meant to have to reckon with a rush of business. Coal has an edge in this respect inasmuch as it is carried in almost any kind of car and the oil industry is on a tip. This fact has, no doubt, to do with the attitude of the Standard Oil Co. in regard to long distance hauling. It was very likely an accident that appealed strongly to the officials more to give in to the Utah coal barons the Central Pacific's territory. Reports of a shortage of fuel at San Francisco, circulating from time to time, have been generally traced to the fact that the demand for oil in the field, but to the fact that cars were demanded for constant delay. The Standard Oil Co. has 100 to 200 cars in constant use. A few come in from the field, but the demand for fuel is such that these cars are in constant use. A few come in from the field, but the demand for fuel is such that these cars are in constant use. A few come in from the field, but the demand for fuel is such that these cars are in constant use.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

Chief of Police Able in entangled in civil service and may be compelled to resign as chief in order to retain his rating as captain of police.

The District Attorney yesterday announced in a written statement that Mayor McAllister has not furnished him with sufficient information to form the basis for a criminal complaint against alleged grafters.

Captain of Detectives Flannery yesterday received from the Civil Service Board a holding of 94.7 per cent; at present he holds an emergency appointment.

In the suit of P. A. Garvin, an Alhambra rancher, against E. E. and N. E. Holt, for damages caused to an orange grove by the damming up of wash, the unique argument was made by the attorney for the defense that a pond of water standing for months around orange trees was a good method of irrigation.

G. R. Porter, fighting to retain what he claimed was community property in the estate of a woman represented as his common law wife, lost his contention and saw the property go to the family that had been deserted by the woman.

AT THE CITY HALL.

DRASTIC CIVIL SERVICE RULE.

CITY ALMOST LOSES CHIEF OF POLICE.

Captain of Detectives Flannery secures high rating in his examination—Will Get Permanent Appointment—Dues and Arithmetical Checks Over Which Williams Fell.

Los Angeles came perilously close yesterday to losing its Chief of Police. On the rating given by the Civil Service Commission to Sgt. George H. Williams in the examination held two weeks ago for eligibility for captain of police, the chief of police resigned; or it was at least so regarded by the police department and some of the commissioners.

To become eligible Williams was required to make 75 per cent. Last night the result was announced by the Civil Service Board. Williams's rating in 73.5 per cent.

His low marks were in arithmetic and in "dues"; in all other subjects he scored 75 per cent, or better. In both the above-mentioned subjects Williams received 10 per cent. The chief of Williams is expressing the opinion that he had no chance from the start—that it was never intended that he should pass.

Williams was the only officer in the police department who took the examination for captain. There are a number of others who think they are capable of passing the civil service test, but they declined to enter.

"Civil service red tape is strung all about the minor offices in the police department. It is this tape that has kept Officer Broadhead from the duties of captain of police and to receive only the salary of a sergeant."

Chief Able has received a year's leave of absence as captain. It is now asserted that if some other officer should receive from the civil service a captain's rating, the Police Commission could not hold Able's old place for him.

Acting Captain of Detectives Flannery has cemented himself to that position by passing the highest civil service examination in the records of the police department. Flannery resigned from the Civil Service Board a rating of 94.7 per cent. He was the only member of the department to take the examination.

Flannery's life in municipal circles last night as to whether the Civil Service Commission will force the hand of the Police Commission by compelling another examination for captain of police. The opinion apparently prevails that, unless some special reason is advanced for holding another examination, the Civil Service Board will rest on its own until Able's leave of absence expires.

WATCHMAN HILARIOUS.

CIVIL SERVICE GETS THEM.

Park superintendent Moeley reported yesterday to the Civil Service Commission the suspension of Night Watchman McConnell of Eastlake Park on a charge of conduct unbecoming a park employee.

McConnell is charged with exhibiting undue hilarity on the night of December 18. Accompanying the notification of suspension was an exhibit from A. W. St. Clair to the effect that the watchman made a nuisance of himself in the park that night and that he was "laughing to the pleasure ground" in chasing him away.

The commission has notified Watchman McConnell to appear before that body next Tuesday afternoon for trial.

INCIDENT CLOSED.

NO CRIMINAL COMPLAINT.

Dist. Atty. Fredericks in a written statement yesterday confirmed the statement published in The Times on Wednesday morning that Mayor McAllister had not furnished him with material on which to base a criminal complaint.

"As far as the \$20,000 incident is concerned, it is a closed issue," says the District Attorney.

But in municipal circles there is a pretty well-defined feeling that there are certain other issues which are not closed, but about which the Mayor and the District Attorney are clamorous.

Not all the rumors of graft circulating about the municipal building are connected with the Mayor's office.

Mr. Fredericks's statement of what occurred at his meeting Tuesday with the Mayor is as follows:

"Friday it was reported to me through the police department that Mayor McAllister had called on me to discuss the matter of the \$20,000 incident. This appeared to me to mean that some one had been paid a bribe. Accordingly, on Saturday, I wrote a letter to the Mayor asking him to furnish me with the public statement, the data on which he based his statement. This letter, by reason of the Mayor being out of town, was not delivered to him until Monday evening by Mr. L. J. Brown of my office."

be married right there. The captain went over the ceremony again, and Porter said that from that time on he regarded and believed that a valid common law marriage bound him to the woman.

In an opinion handed down yesterday by Judge Wilbur, this statement was affirmed and the points out that there is no proof of this marriage romance save the word of Porter—the forsworn husband inheriting from Wilbur touches upon the fact that a love letter bearing Porter's signature and received by Mrs. Douglas in 1888.

When she was still living with her husband—had been repudiated altogether by Porter first, and that later on when the proof became too strong he modified his denial somewhat. Judge Wilbur says that all of Porter's testimony might be thrown out, and finally he gives judgment in favor of Mrs. Douglas.

The property that now passes to Douglas under this judgment consists of several lots and is valued at between \$4000 and \$5000. The case may be appealed, but as the matter stands, the forsworn husband inherits from his runaway wife a share of the accumulated wealth of his old employer who wronged him.

SUIT COMPROMISED.

WOMAN ACCUSES SETTLEMENT.

The suit of Juliet H. Stever against the Pacific Electric Railway Company to recover \$10,000 as damages for injuries received through the negligence of the defendant's servants, was ready for trial in Judge James's court yesterday, but at the last moment it was compromised.

The plaintiff had taken a car at Fifth and Hill streets, and was driving on Belmont avenue and Loma drive the car collided with another one. The plaintiff was thrown to the ground and was rather seriously injured in various parts of the body. Before the case went to court, however, a compromise was agreed to by which the company pays to the plaintiff the sum of \$1000 in lieu of all damages claimed.

WIDOW IS OUSTED.

DAUGHTER GETS ESTATE.

Judge James yesterday gave judgment in favor of Miss Kate Gering, in the will contest that has been waged between her and Mrs. Jeanne Reynolds Gering, widow of the Pomona rancher who married her when she was one of the co-plaintiffs in the County Recorder's office.

The widow had offered a will made by Frank Gering on December 8, 1904, for probate. She claimed that the testator, a 21-year-old man, dated January 2, 1905. Both instruments, having been drafted and signed together gave rise to the supposition that Frank Gering, with all the burden of proof, was to be placed to the contrary. The first will was a clean-cut bequest of all his property to his widow, Kate, and his daughter, Kate. Also it was out that he refrained from leaving anything to his son, who was then a minor, and had provided for the support of his wife and daughter.

Mr. Gering claimed the son and daughter had entered into a contract to obtain the estate.

The second will being sustained, the widow should not be deemed to have been other than she received during the lifetime of her husband.

MT. WILSON RESORT.

NEW COMPANY IS FORMED.

The Mt. Wilson Road Company has been organized and has filed papers of incorporation for the purpose of acquiring the lands and properties on the slope of Mt. Wilson, now owned by the Pacific Electric Railway Company.

Judge James's court yesterday presented Clerk Wheeler and "Tom" Strohm, the court bailiff, with handsome clear holders for New Year's presents. The holders are twins of amber covered with a delicate tracery of silver.

GIRL HELD. The Japanese girl, Shunt Takagi, charged with having stolen \$250 from a countryman, Y. Merito, was held to answer in the Superior Court by Justice Pierce yesterday, with bail fixed at \$1500. Merito gave the girl his purse, containing his savings, to keep for him while he took the rights of the city. When he returned he found she had skipped.

IN POLICE COURT.

RALPH HAMLIN TAKES HIS DORE.

Ralph Hamlin, who was arraigned before Judge Chambers last week on a charge of violating the speed limit, with his automobile for the second time, entered a plea of not guilty and his trial was set for yesterday. He appeared and changed the plea to that of guilty and was fined \$50.

The case against Fred Ward and his wife, charged with the violation of the speed limit, was set for January 18, before Justice Chambers.

W. N. Nordin appeared before Justice Chambers and asked that he be given time to plead to the charge of violating the speed ordinance, for the third time, and was given until January 18.

G. Dreifeld was convicted before Judge Chambers yesterday, for having slashed the mouth of a horse with his automobile for the second time, and was fined \$50.

Howard Sweeney was arrested and charged with a misdemeanor for passing on unobscured shopkeepers bills of a defunct State bank in Georgia. He confessed, but declared that he did not know the bills were bad, and will be sentenced today.

KICKS VICTIM INTO STREET.

SAN FRANCISCO GIRL TELLS OF FIENDISH TREATMENT.

Enticed to Los Angeles by Hungarian Jew, She is Locked in Room and Kept Prisoner for Four Days. Detectives Seek in Vain Some Trace of Her Assailant.

WANTED—A YOUNG WOMAN TO TRAVEL through California; experience unnecessary; for light, 10 a month and expenses; no other conditions. Address: 1000 Broadway, San Francisco, Cal.

The above advertisement, with address for reply, appeared in one of the San Francisco papers a short time ago. According to a complaint which was made to Chief Able yesterday, it led to the betrayal and cruel imprisonment and abuse of a young German girl, Theresa Ross, only twenty-two years of age, who is now at the Los Angeles County Jail.

The girl was lured by the man who offered her the position of a traveling companion. She was taken to a rooming house on Ruth avenue, near Fifth street, for four days, from last Friday to Tuesday evening, when the man who lured her from her home in San Francisco, a Hungarian Jew, named Joseph, was arrested.

While Los Angeles was bright with the noisy welcoming of the New Year, the girl says she was imprisoned in a rooming house on Ruth avenue, near Fifth street, for four days, from last Friday to Tuesday evening, when the man who lured her from her home in San Francisco, a Hungarian Jew, named Joseph, was arrested.

The Quarter Grand CHICKERING PIANO

To have succeeded in producing the superlative qualities of Chickering Grand Tones within a case of such beautiful lines, and within the space that any home can accommodate, is an accomplishment worthy of the oldest and greatest piano builders of America.

The tone of the Chickering Quarter Grand delights the musical artist. It has richness, fullness, strength and resonance—a depth that satisfies the artistic ear.

EATH CLAIMS
MORMONS' FOE.MR. COLE HAD FOUGHT THEM
FOR YEARS.

Passing of San Bernardino Woman Who Claimed Mormon Church Had Killed Her of Cattle and Mines and Burned Her Home—No Cemetery in the City Limits.

SAN BERNARDINO, Jan. 3.—Death this morning to Mrs. Alvina Cole, woman noted among the Mormons throughout the country as a strong enemy. For years she has ruthlessly denouncing them with her pen, and her husband had been killed by them. Her husband had been killed by them, and she was forced to leave him, after refusing to take with her the money which the Mormons had driven off and slaughtered, and another was burned out, and finally, in fear of her life, she fled to the city, after having two sons shot.

Last summer Senator Reed Smoot died on her. They had been neighbors, and she followed him under the name of Mrs. Cole. The Mormons made by the woman, that the Mormon church owed her restitution for the slaughter of her husband, and she was defrauded of one rich mine, and another was burned out, and finally, in fear of her life, she fled to the city, after having two sons shot.

One of her mines is the Vallejo, and she was defrauded of one rich mine, and another was burned out, and finally, in fear of her life, she fled to the city, after having two sons shot.

Lighting the hearts of Colton men who are interested there. There is a rich ledge there upon which the "Dicker Bird," the "Elsie," and the "Clara" mines, all owned principally by Colton citizens, are located. None of the claims are for sale. The "Elsie" is being worked extensively. W. W. Wilcox and Milo Gilbert of this city, have a large interest in it. At present a shaft is being sunk 150 feet, and a drift 75 feet. Ore sent to Los Angeles assayed \$23.97. The "Clara," which is only a short distance from the "Elsie," is owned by a gentleman in Pasadena, and the following Colton men: M. A. Bayley, J. B. Hanna, J. B. Steadman, E. Van Lanen and H. E. Day.

E. L. Cole, who has just returned from a trip to the mines, says it is the coldest winter ever experienced there.

SANTA ANA.

NEW HOT SPRINGS COMPANY.

SANTA ANA, Jan. 3.—Articles of incorporation were filed here today for the Mountain View Hot Springs Company of Elsinore. A. J. Vise, William F. Lutz and J. W. Shiflet, all of this city, are the stockholders and directors. The principal place of business is Santa Ana and capital stock is fixed at \$75,000, of which \$3000 has been subscribed.

The incorporators have purchased land at Elsinore upon which some undeveloped hot springs are located. They expect to commence work the coming month upon the building of a new hotel and the development of the place as a sanatorium and hot springs resort. Mr. Vise was the originator of the proposition. He learned of the springs upon a hunting trip to Elsinore.

CONGRESSIONAL OFFICERS.

The First Congregational Church has elected the following officers: Deacons, Ed Tedford, A. Roberts, George Ray, treasurer, A. B. Gardner; assistant treasurer, Mrs. A. H. Nickell; trustees, E. M. Naylor, W. C. Crookshank, clerk, Mrs. C. S. Crookshank; chorister, Mrs. Ella Fryer; organist, Miss Daisy Roberts.

RECORDS OF THE CITY.

County Recorder George E. Peters has issued a detailed report of land sales done in his office for the last year. An increase of nearly 50 per cent over the business of the previous year is shown. In the twelve months there were recorded 3801 deeds, 1394 mortgages, 256 chattel mortgages, 143 assignments of mortgages, 1224 releases of mortgages, 29 powers of attorney, 153 agreements of sale, 28 leases, 163 decrees of court, 341 marriages, 1865 miscellaneous papers. The total number of papers amounted to 9744. Fees were collected to the amount of \$677, and the net revenue to the county after the deduction of expenses of the office was \$529. The total amount involved in the transfers of property for the entire year is given as \$28,570,196.

SANTA ANA JOTTINGS.

J. T. Sibley and Marie Jackson, both residents of Los Angeles, were married here yesterday by Justice Smithwick.

City Water Superintendent Ransom Reid and his bride are home from their wedding trip. The officials at the City Hall provided for the bride a set of silver knives, forks and spoons as a wedding gift.

El Modena, was jailed today for a twenty days sentence for disturbing the peace. Accused came down last night and engaged in a row with some countrymen on Fourth street.

The Art Studio Club, yesterday evening with Mrs. E. S. Wallace on East First street. "Romanesque Architecture" was the subject for the evening. Mrs. E. S. Wallace was the speaker.

Two new fire alarm boxes are to be installed at the main west of Main street.

A franchise for the building and operation of a line of poles and wires on South Main street was sold by the City Trustees last night to the Los Angeles Interurban Company.

The line will connect the terminals of the Newport Beach and Santa Ana electric lines and allow for an interchange of power as necessary demands.

TO LIGHT BUENA PARK.

FULLERTON, Jan. 3.—The Edison Electric Company has closed a contract with the people of Buena Park to light the streets of that place and also to install lights in nearly all of the residences.

Frank McDermott is out for the first time in a long while. He has been in the hospital for some time, but he is now out and is feeling better.

The marriage of W. E. Munser of Fullerton and Miss Louise Gysel of Buena Park is to be celebrated on Jan. 10.

O. L. Mathews and family, who have recently moved to Buena Park, are now in the city for a short time.

Supervisor Lineberger states that the cut-off on the road between here and Buena Park will be built at once and that he does not think it will be necessary for the people to donate any more money.

Prof. Twombly, a member of the faculty of the State Polytechnic school at San Luis Obispo, was a visitor here yesterday.

At the meeting of the trustees last night Dr. Clark resigned and William Crowther was appointed to succeed him on the Board of Trustees until his term expires, which will be next year.

Dr. Clark has moved to Los Angeles.

SEAS DRIVE STEAMER BACK.

NEW YORK, Jan. 3.—Enormous waves compelled the big passenger steamer Statendam to turn back from her course toward America and run toward Europe for five hours, December 28. The steamer arrived here today with several doors smashed, deck fixtures ripped up and her pursers painfully injured by the seas which fell on the deck with a crashing roar.

The steamer had six inches of water in them when the steamer turned about.

A PERFECT FOOD.

That Scott's Emulsion should act so quickly and satisfactorily in all cases of lost flesh and continued wasting is not surprising when its food value is understood.

With pure Norwegian cod liver oil, hypophosphites of lime and soda and glycerine, there is combined in Scott's Emulsion the best elements of nourishment and strength building known to medical science.

Any physician will tell you this. The use of these ingredients in the proper proportions; the employment of only the purest grade of each, and to combine them perfectly is the secret of the success of Scott's Emulsion. You will not find a more certain way to stop waste, build flesh and strength and supply nourishment.

LIABILITIES:
Capital stock \$250,000.00
Value of stock per share, based on a very low appraisal of property \$70
The Company Has No Debts of Any Kind
It has plenty of land and plenty of water. In addition to its 12,000 acres owned outright, the Company has the use of many thousands of acres for grazing purposes, held under lease, all enclosed with 3-wire fence.
We have bought 1000 shares of this stock (the entire issue offered the public), and now offer 700 shares to our clients at
\$50 PER SHARE
which is a DISCOUNT OF \$20.00 PER SHARE ON ITS ACTUAL WORTH, based on the assets of the Company.
The present earnings will enable the Company to pay dividends of at least FIVE PER CENT. on par value, which is TEN PER CENT. on the present price.
We are confident that the stock will speedily show a much higher market value; in fact, it would today sell at a higher price did we but ask it. By purchasing the entire offering at one time we secured it at a price that enables us to give our clients the benefit of a big discount.
We Court the Fullest Investigation of this Enterprise.

Anent the Great "White Fair" Sale

Interest grows as the days pass by in this greatest of all White Fair sales that this big store has held. We are particularly fortunate in many of our purchases, and though the wholesale markets have since risen, it does not affect our retail prices. The public keep posted on values and well know that many of the bargains advertised for our White Fair are positively lower than present wholesale cost. This is the second and last week, so see to it that you get your supply of the good things offered.
